THE MINISTRY OF EDUCATION AND SCIENCE OF THE REPUBLIC OF TATARSTAN
Federal State Budgetary Educational Institution of Higher Education
“Naberezhnye Chelny State Pedagogical University”

INTERNATIONAL OPEN PEDAGOGICAL FORUM
“EDUCATION: REALITIES AND PROSPECTS”

Information letter

On May 20-21, 2026, Naberezhnye Chelny State Pedagogical University is holding the XIV International Open Pedagogical Forum “Education: Realities and Prospects.” Format: in-person and remote participation. For more details and registration, follow the link <https://tatngpi.ru/forum/>.

PURPOSE OF THE FORUM

Cooperation between leading scientists and practitioners in the field of education in order to improve the professional competencies of teaching staff as the main resource for improving the quality of education and generalizing the innovative experience of national and foreign teaching staff.

OBJECTIVES OF THE FORUM

1. Discussion of the content and technologies of teaching in the field of historical, philological and art education.
2. Disclosure of psychological, pedagogical and medical-biological aspects of physical culture, sports and a healthy lifestyle.
3. Search for proposals for developing the pedagogical competencies of teachers, including rural schools, in the conditions of individualization and digitalization of education.
4. Presentation of innovative psychological and pedagogical technologies and developments in modern education.

KEY ASPECTS OF THE FORUM AGENDA:

1. Digital technologies in education.
2. Psychological and pedagogical problems and prospects of preschool and primary education.
3. Russian language and literature in multicultural space.
4. Modern approaches and technologies for teaching mathematics, physics and computer science in the era of digitalization.
5. Current problems and prospects of the development of physical education and life safety.
6. Teaching a foreign language in the changing world conditions.
7. Modern historical education: the formation of all-Russian identity.
